This bulletin is to provide your organization with the links to the training videos and materials from the Annual Financial Grants Management Virtual Conference hosted by the Financial Management Division on December 1-2, 2021. The presentations were conducted by then FMD Director, Catherine Bondoc, who has since retired from City service.

The mandatory two-day conference was designed for both fiscal and program staff and is applicable to most federal, state, and local grants received through the Economic and Workforce Development Department. The topics were as follows:

- Session #1: Uniform Guidance 2 CFR 200 – Overview and Updates
- Session #2: Budget Preparation and the 10% Flexibility Rule
- Session #3: Cost Classification, Cost Allocation, and Indirect Cost Rates
- Session #4: Financial Reporting
- Session #5: Audits, Fiscal Reviews, and Findings Resolution

The attached PDF was provided by Catherine Bondoc and it provides all the links to the training videos, handouts, quizzes, and chats during the live sessions. Under each session, **simply click on the appropriate image**. For the videos on YouTube, under each video's description, click on "Show More" to see the time stamps for the topics discussed and all the questions asked during the session. This should allow you to easily navigate through the various parts of the videos.

If you have any questions and/or need additional technical assistance or guidance, please contact your fiscal or program monitor.
